

EVERYTHING YES

Don't let - your situation -make you think
that you should settle for less.
When life offers you the best
allow yourself to be blessed

Don't wait for a reservation, remember this
"You're always on the guest list"

Better yet
The universe helps
When you say yes

**My mind says yes
My hands says yes
My body yes
No regrets,
Everything yes, yes, yes**

**With every breath
My heart says yes
My soul says yes
Spirit yes
Everything yes yes yes
Yes**

The purpose of the human condition is to be at peace
Great things come
Right outside our comfort zones
We grow from embracing the unknown

CHORUS

(Wamp)
Yes to the adventure of being alive
Say yes to this life
